

What's new in Eurostars-3?

Innovative SMEs at the centre

An SME is innovative if it has the **ambition** to collaborate on R&D and innovation with international partners, to develop innovation that can be rapidly commercialised.

You do not need

- a proven track record of R&D activities or
- a minimum number/percentage of FTEs or turnover dedicated to R&D activities.

Only 7 eligibility criteria

The project is led by an **innovative SME** from a Eurostars country*.

*37 Eurostars countries, with Singapore as our new entry!

The consortium includes at least two entities that are independent of one another.

The project involves at least two Eurostars countries, with at least one being an EU or Horizon Europe Associated country.**

**All Eurostars countries are either EU Member States or Horizon Europe Associated Countries except for Canada, Republic of Korea, Singapore, South Africa, and Switzerland.

The budget of the **SMEs** from Eurostars countries (excluding subcontracting) must be at least **50%** of the total project budget.

No single participant or country is responsible for more than **70%** of the total project budget.

The project duration is 36 months or less.

The project has an exclusively civilian purpose.

Streamlined application form

**Shorter application,
with 5 sections.**

**SME declaration
and commitment
& signature form
are now part of
the application
form.**

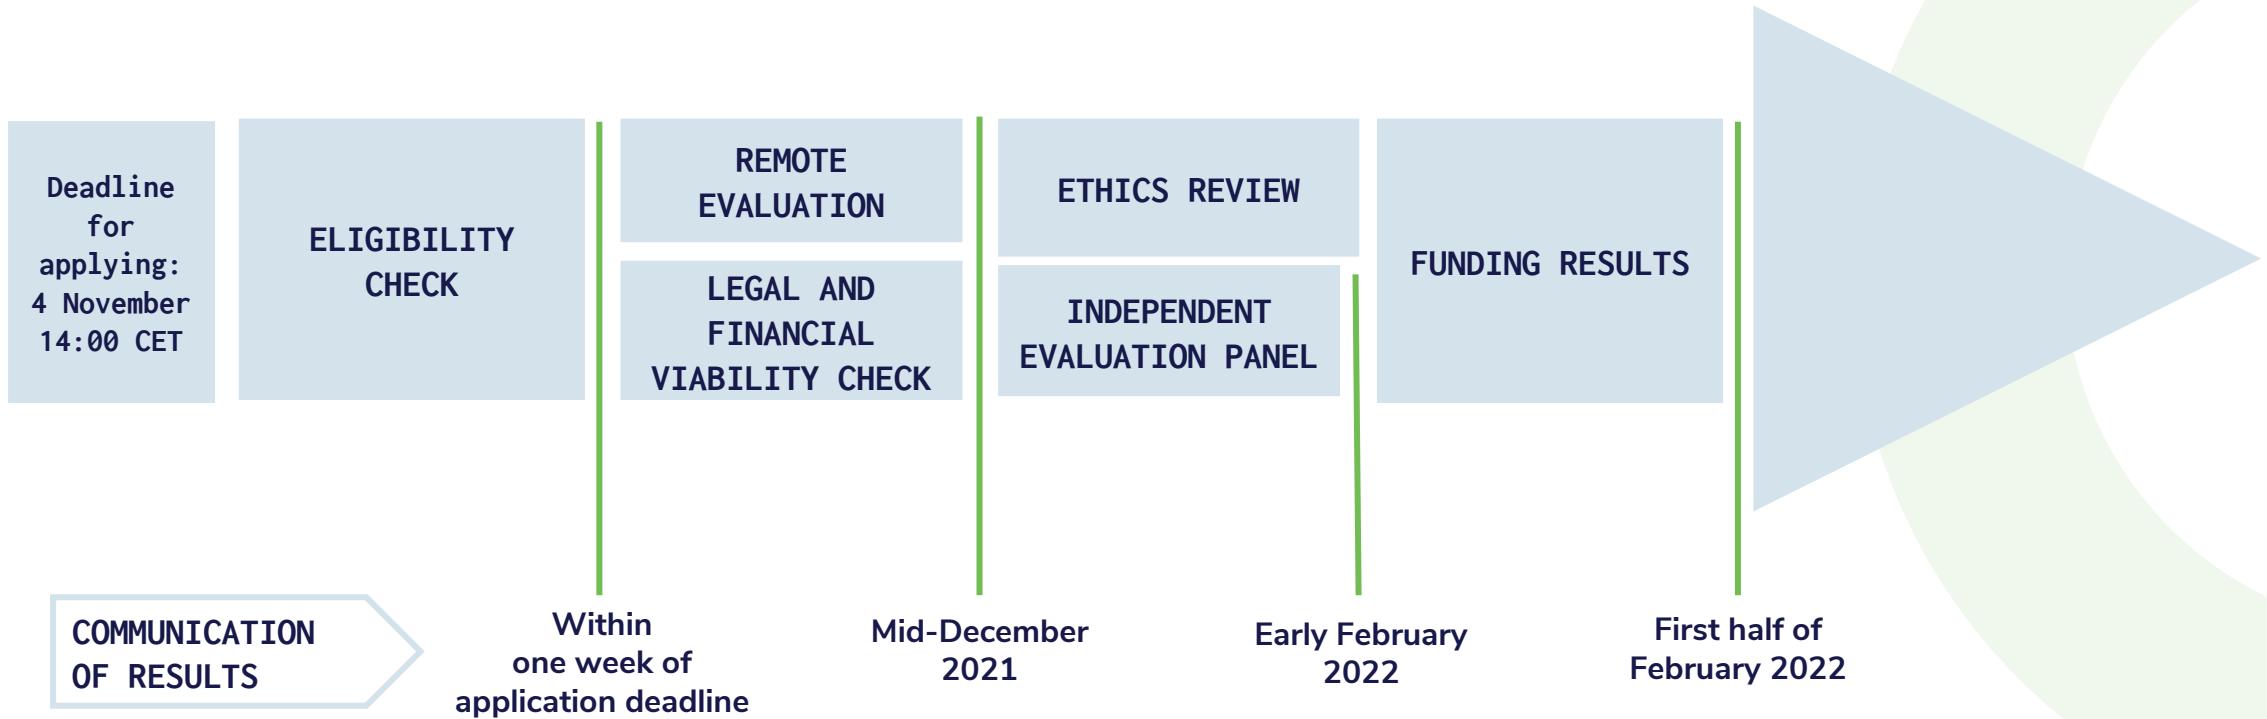

**New questions on
SDG-related impact
and gender
dimension.**

**Possibility to
upload a Gantt
chart
and
a technical annex.**

Assessment process

Once the call submission deadline is reached your application will be sent for assessment. This is subject to the fulfilment of the eligibility criteria. The evaluation process follows these steps:

- All eligible applications will be assessed by at least 3 independent experts selected from the Eureka Expert Database. The evaluators will score each question and provide feedback to justify those scores
- The Legal and Financial Viability Check is performed by the National Funding Bodies on a participant basis to determine whether every consortium partner is eligible for funding. This Legal and Financial Check is performed in parallel to the technical evaluation.
- During this step, the National Funding Bodies maybe require additional information to their national applicants. Please check your email regularly.
- The Independent Evaluation Panel will evaluate the proposals and establish a Ranking List that will determine which projects are recommended for funding.
- The Ethics Panel does not give scores to projects, but elaborate an Ethics Report that might require you to submit additional documentation before or during the implementation of the project to ensure that you comply with the ethics standards set up under Horizon Europe.

The main project partner will receive an email to confirm that the application has been successfully submitted.

All partners may view or print your submitted application at any time.

You can access your application at any time by opening your dashboard.
